Carved Bone Faces

Our faces are carved from cow bone by our very talented carver in Tapaksiring, Bali, Indonesia. Faces come with either closed or open eyes. Since closed eyes are more popular, we carry a larger stock of those. Stock with open eyes may be limited. Please indicate which style you would like.

Please note that sizes are approximate and may vary slightly from shipment to shipment. Our carver is a perfectionist so any variation in size or style will be miniscule.

If you are not familiar with metric measurements, some common sizes are 13mm = ½ inch, 19mm = ¾ inch, and 25mm = 1 inch. These conversions aren't exact but are close.

If you don't see exactly the size or style you're looking for, we can probably have it made for you, within the limits of the bone and dependent on your time frame.
